While the fishermen of Washington are enjoying but a slight reward for their labors in angling, so far as fish go, it may cheer them up to know of place where there has never yet been a man to return empty handed. While it is some distance away, about 900 miles, the fish are there.

Cumberland Island, Ga., is the place. The island is about twenty miles long by two miles wide. The tribe of Car-

"The Parlor," a pool above Boiling Rock, straight out from Fletcher's. The water is deep and swift, and the pool bears its name because the fish are known to congregate there. (2) Middle Rock, above the Chain Bridge. It is Rock, above the Chain Bridge. It is well to arrange to have a boat taken up on the flood tide, as it is impossible to make headway against an ebb 14e.

(3) "The Hens and Chickens," off the point of the powerhouse near Fletchers; water 40 to 50 feet deep and very swift. Care must be exercised. (4) Near the "Ladder," at the Chain Bridge, opposite the branch on the Virginia side, (5) Opposite the point of Analostan Island, along the bend of the river. Water about 30 feet deep. (6) Near the Thursion steel plant, at junction of Potomac and Eastern Branch. (7) The Tidal nd Eastern Branch. (7) The Tidal estern end of the basin, (8) The Dyke! between Alexandria and Mt. Vernon.

Boats may be obtained near car station.

Bait may always be obtained at the following places: Reynolds', Palicy's, and Miller's; usually, at the fishing tackle stores.

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-sages), well secured on real estate in the District of Columbia, constitute "gitt-edge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from 1800 upward. Send for booklet, "Concerning Leans and Investments."
